FERTILIZER. H

SOLUBLE

PHOSPHATE

is said to be the best fertilizer ever used, and is the cheapest by \$5.00 per ton of any Standard Fertilizer sold in the State. Gentlemen who used it last season and have bought again this, WRITE US CONCERNING ITS EFFECT as follows:

WAKE COUNTY, N. C., December 21, 1873.

Gents—I used the ten (10) tons of the Star Phosphate bought of you last Spring, and it turned out as well, if not better, than either of four different kinds that I used. I am well pleased with it and wish you to reserve me some for next season.

Yours truly,

WAKE COUNTY, N. C., December 21, 1873.

MESSES. A. C. SANDERS & CO., Raleigh:
Gents.—The Star Phosphate bought of you last season acted exceedingly well on my plantation, and I shall use it altogether next season.

Yours truly,

WILLIS H. WHITAKER.

FRANKLIN COUNTY, N. C., December 22, 1873.

Gentlemen—I cheerfully recommend the Star Phosphate I bought of you last season as a No. 1 Fertilizer. It think it equal to any I ever used.

Yours truly Yours truly, W. K. DAVIS.

BEAUFORT COUNTY, N. C., December 29, 1873.

MESSRS. A. C. SANDERS & CO., Raleigh:
Gentlemen—I take pleasure in recommending the Star Phosphate, bought of you last Spring, to all farmers as a No. 1 fertilizer. I co sider it equal to any I ever used.

Very truly yours,

W. A. BLOUNT

### THE GRAVES COTTON PLANTER.

ave your money, time and abor by u . nz the GRAVES COT TON PLANTER. It sows the seed without the usual trouble of rubbing and with much more regularity and precision. It will sow from I to 7 bushels to the acre. It opens sows a degvers at the same time and requires only one I hand. We refer to the well-known farmers below:

W. H. Holleman and T. F. Lee, Wak county. Gen. Joshua Barns, G. W. Barefoot, Wiley Simmons, W. F. Green, Edgecombe county; N. W. Williams, B. D. Rice, and

feb27-tf W HANN'S RAW BONE SUPER PHOSPHATE.

The unexampled success of this renowned manure during many years, has won for it a reputation which few other fertilizers can claim. Its sales are very extensive in all parts of the country, especially in those parts of the South where cotton and corn are largely grown. So decided and positive have been its results on these important staples, that in many sections it is preferred to all other manures.

## Whann's Raw Bone Super Phosphate

is prompt and active in its effects. It starts the young plant vigorously, and by furnishing a steady supply of nutriment during the period of its growth, brings the crop to a healthy maturity in time to escape the ravages of early frosts. We offer this well-known fertilizer to our friends, confident that they will concur in the orinion of the leading planters of the South, that for Cotton and Corn it is un-

FOR RENT.-A Dwelling, within ffty yards of the Capitol. Apply to fe27-tf JORDAN WOMBLE.

WE HAVE opened to-day a large and beautiful stock of Spring prints, ginghams PETTY & JONES.

Don't BE IDLE, -Several capable men are wanted at the N. C. Insurance Bureau. Apply immediately to J. H. DURLAND, Manager.

fe28-1w 12 Fayetteville st., Raleigh. MILK NOTICE.-We have thoroughly es tablished our Milk Dairy, and are prepared to supply those wishing milk regularly morning and evening. Address P. O. Box 374 or apply to

E. CONKLIN. Subscribers finding this notice marked around will take notice that their subscription will expire within two weeks. They will please renew AT ONCE, as the CASH SYSTEM adopted by us will necessitate the dropping the names of all parties not renewing. We hope our subscribers will take due notice of this fact and govern themselves accordinly.

LOCAL BRIEFS-The streets are sadly in need of a general cleansing.

Gov. Caldwell is on a brief visit to his home in Morganton.

The regular term of Wake Superior Court commences April 1st. Infantine vehicles with liliputian

occupants thronged the streets yester-See notice of Groceries for sale cheap. Apply at this office for par-

Hay and oats to be found at Williamson, Upchurch & Thomas'. See notice elsewhere.

in our special notice column, and then go and see him. There were no cases at the Court of

his Honor, the Mayor, yesterday morning or afternoon. Insurance agents are making preparations for an active Spring campaign. To your tents, O Israel!

Lovers of good books will do well to attend the auction sale to-night at Clawson's old stand. Ladies and gentlemen are invited to call and examine during the day.

"Mine Angel Before Thee" is a beautiful new book by Mrs. Cowan, of Pittsboro, and especially suited to the Lenten season. You will find it at L. Branson's Bookstore.

Theo. N. Ramsay did not lecture in Wilmington the other evening as was expected, on account of some mistake as to the time of the lecture. He expects to edify the good people of that city at another day.

Mr. E. Conklin has thoroughly established his milk dairy, near this city, and the demand upon him has caused him to increase his business. He informs the public, in another column, that he is ready to fill all orders, morning and evening. See notice.

The new Board of Directors of the Institution for the Deaf and Dumb and Blind are out of tune on account of the purchase of a second-hand \$600 piano by the old, or Lee Board. The new Board claims that the old one was functus officio when the purchase was made, and that they ought not to have done it. We hope the sweet strains of music emanating from the instrument in question will soothe all bickerings and heart-burnings.

THE OFFICERS OF THE STATE GRANGE.—We take the following from the last issue of the State Agricultural Journal, and can give an endorsement to the compliments paid the gentlemen referred to:

"We are glad to bear testimony to the faithful performance of duty on the part of the officers of the State Grange of the Patrons of Husbandry. 'Our Worthy Master, Dr. Columbus Mills, gave universal satisfaction by his impartial rulings and prompt dispatch of business. His command-ing form and marked ability would give him a conspicuous position in any parliamentary body. We have two hardworking and faithful officers in G. W. Lawrence and T. L. Vail, Esqs., our Secretary and Treasurer, respectively. Their duties are arduous and ever increasing with the expansion of the Order, and they should receive prompt co-operation from all the Granges that the work may be

effective. "We are also fortunate in possessing an Executive Committee of working men ; active, energetic, determined Patrons, in whose hands the interests of the Order will prosper. We refer, as Patrons know, to Messrs. A. T. Mial, G. Z. French and Azariah Graves."

SUPREME COURT.-Friday, Feb. 28th.-Court met at 10 a. m. Present, Chief Justice Pearson and Associate Justices, Reade, Rodman and Settle. The following causes from the 9th District were called and argued:

S. B. Alexander vs Commissioners of McDowell, from Mecklenburg. Jones & Johnston for plaintiff. Gaither and J. G. Bynum, McCorkle & Bailey, and J. E. Brown for defendant fendant. S. B. Alexander et al. vs Wm. Johnston et al., from Mecklenburg. Jones & Johnston for plaintiffs, Me-

Corkle & Bailey for defendants. Court then adjourned until tomorrow (Saturday) at 10 a. m.

THE SPRING COURTS.

The Spring term of the Superior courts of the several Judicial Districts commenced with the commencement of February, and it is reasonably supposed that before the first of June the working force for the building of the new penitentiary with be increased to at least 500 operatives. We were pres-ent this week upon the sessions of two Courts, the first of which was that for

ALAMANCE COUNTY,

where his Honor, Judge Albion W. Tourgee, presides with easy grace and dignity. The Court met promptly at dignity. The Court met promptly at 10 o'clock, the grand jury called and sworn and discharged until Wednesday morning. His Honor stated to Solicitor Bulla that the General Assembly had passed an act for the encouragement of crime, known as the bill to extend the jurisdiction of magistrates, &c., and desired him to examine the same that he might know his own jurisdiction, &c.
Sclicitor Bulla said he had only

seen the condensed form of the act as contained in the Raleigh DAILY NEWS, but he was informed that a certified copy of the original bill was in town and he would examine the same and reply.

A number of small unimportant

State cases was called and disposed of by submission, etc. The civil docket was taken up and

called over. As is usually the case in this lawabiding and well ordered county, the dockets, both State and civil, were small. But for two lengtty and muchly litigated cases from Randolph and Orange counties, the county business could have been disposed of

easily in three days.

We observed in attendance upon the Court the following members of the legal profession: Solicitor Bulla, Hon. W. A. Graham, Thomas Ruffin, Hon. W. A. Graham, Thomas Ruffin, Esq., Major John W. Graham and Thomas Webb, of Orange; Hon. John Kerr, of Caswell; Col. Dillard, Hon. J. T. Leach, Col. John A. Gilmer, Col. J. T. Morehead, Col. J. I. Scales and Levi M. Scott, Esq., of Greensboro; Samuel Webb, Captain L. A. Graham Levi B. Bend Edward J. A. Graham, Jas. E. Boyd, Edward Parker; George F. Bason and J. T.

Read the notice of J. H. Durland | Crocker, of Alamance. Since our last visit, six months ago. Graham, the county seat, has undergone quite a change for the better and new improvements are going on in every part of the village. Two handsome and elegant residences, heretofore referred to by our Graham correspondent, are on the eve of completion; old houses and dilapidated fences are being renovated, new stores have been opened and one bar soom closed. We are more than pleased to chronicle these evidences of the thrift enterprise and prosperity of Graham. Graham needs more manufacturies, having only one at present, the large whiskey and brandy distillery of Messrs. Hutcheson & Co. This distillery, located as it is in a fine grain and fruit section, does a large business and turns out first class goods of its character. If the people will drink (though we would earnestly protest against it) we would advise them to use pure and unadul-terated liquors, and by purchasing from our North Carolina distillers, especially Messrs. Hutcheson & Co., they are sure to get it.

From Alamance we proceeded di-

WARREN COUNTY, where we found his Honor Judge Watts, busily disposing of the State docket. Gen. Cox, the Solicitor, informed us that the dockets were comparatively light and with good luck would be able to close up in four days.

The most important cases of the civil docket were transfers from other counties, viz: Josiah Turner vs. W. W. Holden, from Granville, and the same vs. Stephen A. Douglas, from

the same county. There were present at the bar of this court, Gen. W. R. Cox, John Gatling, Esq., F. H. Busbee, Col. L. C. Edwards, Thomas M. Argo, Hon. Josiah Turner, Jr., and Armstead Jones, Esq., of Wake county: Geo. Badger Harriss and W. Hamilton Young, of Granville; Capt. J. J. Davis and Capt. C. M. Cook, of Louis Bayls and Capt. C. M. Goda, of Edulard Hon. Wm. Eaton, W. R. Barham, P. E. Wilson, Henry A Foote, Chas. A Cooke and B. F. Long, of Warren. Tuesday the town of Warrenton was crowded to excessive overflowing, but nothing beyond the usual amount of excessive drinking, a few horse swaps and a speech from Hon. Josiah Turner, Jr., occurred. No harm resulted from the drinking, ditto for the speech, and the horse swapping passed off quietly and in order. Petersburg, Norfolk and Raleigh drummers were as plentiful as pigs' tracks in front of a corn-crib

Warrenton, too, shows marked signs of improvement since our last visit to the old town, chiefest among which is the completion of the new and elegant hotel, now known as the Norwood House. As we have only a limited amount of space to-day, we propose to refer more in detail to this house at another time, suffice it to say it is now inferior to no hotel in

the State, and equal to any.

The business of the Court, it is thought, will be finished by Monday

TREATED THEM RIGHT.—A gen-tleman living in the Eastern Ward yesterday was informed by his little daughter, aged about twelve years, that two young colored men approached her at the public well at the corner of Person and Morgan streets, and writing thereon obscene language, asked her to read it. The gentleman soon came up with the scoundrels, and proceeded to give them each a thorough and complete old style chastisement. He served them exactly right, and it is to be hoped that this lesson will teach them better manners in the future.

M. E. Slaughter, Graham. J. N. Bennas, Haywood. E. D. Davis, Jackson. D. K. Collins, Swain. B. C. Lankford, Transylvania.

"MURDER WILL OUT."-The following novel and interesting circumstances, being one of the many to prove the truth of the old adage that "murder will out," was reported to us yesterday by Sheriff Gantt, of Rockingham county, who was conversant with the facts in the case: In 1865 a well known colored man

of Charlotte county, Va., mysteriously disappeared. It was generally be-lieved that he had been foully dealt with; detectives were employed, and every means used to obtain a clue that would even form a ground-work for suspicion, but not the slightest progress could be made in that direction. The affair remained a mystery and time had almost wiped out the memory of the colored man and the circumstances of his mysterious disappearance.

Last week two gentlemen of well known good character and high standing in the community, who were also brothers-in-law, had a quarrel, from which ensued a personal difficulty. An anicable adjustment between the brothers-in-law could not be effected by friends. They abused and denounced each other in such unmeasured and unguarded terms that it finally leaked out that each knew something of the mysterious disappearance of the colored man, and upon an investigation it was clearly shown that they were the murderers of the man. They have been committed to jail, not even being allowed bail, and the evidence is said to be convincing and conclusive-one being as guilty as the other.

MURDER IN GATES COUNTY .- We learn from a private letter that on the 16th inst., in Gates county, Benjamin Arline was stabbed by Jacob R. Hathaway without provocation. Ar-

BROUGHT TO GRIEF .- Dr. Eugene B. Harrison is a "gay and festive cuss" that dealt considerably in patent medicines from the top of good's box in rear of the market on Wilmington street in December last. The Doctor, after running a good trade in this city, left for Johnston county, where he formed a peculiarly strong attachment for a fine young mule belonging to Mr. A. F. Whitley, of that county. The attachment, however, seems to have been mutual, as an elopement of the loving pair took place on the night of the 20th of December. The DAILY News contained an account of the circumstance, together with a description of the parties. A reader in Rockingham county saw it, and in a few days thereafter, saw the Doctor and the mule. He captured the mule, but the Doctor escaped over in Virginia. Deputy Sheriff Gantt, of Rockingham county, learning of the whereabouts of Doctor Harrison, (in Danville, Va.,) applied for a requisition from the Governor of that State. The requisition was granted, and on yesterday this officer delivered to the jailor of Wake county the prisoner. Truly, "the way of the transgressor

Statisticians, relying on figures that never lie, give a man an average of one year of married felicity before he dies, is divorced, or consigned to the lunatic asylum. These not too gen-erous statistical opportunities have been grossly and ungallantly neg-lected. Garrett J. Banta, a middleaged man of New Jersey, married the lady of his choice on Saturday, made his will the day following, and hung himself on Monday morning, thus intimating to the world in general, and his wife in particular, that two days' experience of that sort of thing was enough for any able-bodied New Jersey man. Mr. Banta's pedagogue had evidently failed to teach him ordinary politeness.

A Paris letter says the Empress Eugenie has aged sadly. There are deep lines at each side of her mouth, and her whole face looks drawn and haggard. The little flat crape hat which she wears pushed back from her temples seems too youthful for her worn face; but it is a relief not to see her lips set in that stiff smile, artificial as the gold in her tresses or the roses in her bonnet, wherewith she used to greet her subjects of Paris in other days. The young Prince Imperial is her very image, but the slight moustache just budding on his upper lip will soon mar the present perfection of the resemblance.

It is estimated that each betrothal among the educated classes of the German Empire brings to the State on the average a sum of 100 marks for postage and telegrams. If the 350,000 betrothals which take place in Germany annually were set among the educated classes, this would represent to the State a revenue of 10,000,000 the length of the property of the state and the state are supported by the state and the state are supported by the state are 000,000 thalers. This is a novel view of the act of casting bread upon the waters to return after many days-expending money in education to be returned in postage and telegraph

charges. THE MOVEMENT IN OHIO.—Cincinnati, February 25.—A special from Piqua, Ohio, says the praying women on entering the saloon of the City Hotel to-night found the bar-keeper disrobing, and they left. A man standing by told the fact on the street, and a crowd gathered in front of the hotel and gave the bar-tender. an hour to leave. The saloon-keepers came to his rescue, and the crowd in the street grew larger. There is danger of a riot.

Another woman has secured a pulpit in Boston. Her name is Lora Haines, and she has been several years studying for the ministry. She is thirty years old, and has a "pleas-ing but not beautiful face." Her inaugural theme was the benefit of religious instruction, and she wore plain black, with a neat white ruche around her neck, and white lace

Lord Derby has intimated to the British politicians that he will not interfere with Mr. Disraeli's control, and will not attempt to usurp his place. Such, at least, is the interpretation given to a recent dinner speech, in which Lord Derby said:
"I go in for fair play, and I think
that those who fought the battle
ought to enjoy the victory."

In the Minnesota Senate, a bill was passed Wednesday for the ap-pointment of a Board of three Rail-road Commissioners. The Commis-sioners are empowered to fix rates and regulations which shall be, prima facie, reasonable, and to prosecute for all violations of them, for which purpose they are allowed to send for persons and papers.

The New Style of SPRING PRINTS Will be opened on the 27th inst. W. H. & R. S. TUCKER & CO.

MUCH satisfaction is expressed in New Orleans over the fact that the Kellogg Legislature has been magnanimous enough to adopt a constitutional amendment limiting the debt of the city, and passed other reform measures reducing the city ex-

THE London press, in commenting upon the failure of the peace negotiations between the Ashantee King and the British commander, attributes the failure to the uncompromising determination of the Rritish officer to enter Comassie, an event which the King was willing to do anything to prevent.

THE discussion of the financial question is still being considered in the United States Senate, without any definite result. Mr. SHERMAN bitterly opposes any inflation. There is but little doubt of the currency being expanded to the extent of \$40,-000,000, in pursuance to the amendment of Senator MERRIMON. MOR-TON is endeavoring to lead the inflation movement.

THE House of Representatives has defeated the bill which under the disguise of the distribution of public documents proposed a revival of the franking privilege. The vote on the final passage stood 130 for to 131 against. It is probable that a motion to reconsider may be made and the bill yet enacted into a law.

Enough time has been spent in the discussion. Let something definite be done.

THE Baltimore Gazette justly says: "the manner in which they kill outlaws in North Carolina certainly has nothing of the heroic in it. The young men who committed the deed are not heroes certainly. Bad as LOWERY was, there is something in the manner of his taking off that makes the blood tingle a little." We MON, of this State, is, of course, cannot refrain from giving our full known, as he is the author of the

THE Baltimore Gazette styles the appeal of the tax-payers of South Carolina as "the most impressive paper that these times of prostrated intercession have produced; it is dig. nified, temperate and eloquent in its precision and simplicity." The Repuclican majority in Congress evidence some signs of a disposition to listen to reason in this case, and to assist in undoing the east that has been done by mislegislation.

THE New York Herald of the 24th instant has a long telegraphic account of the killing of STEVE Low-ERY, the last of the Robeson county outlaws. The conclusion of the report is as follows: "To the exposure given to their bloody deeds, and to the concentration of public opinion directed against them by the Herald, (which forced the State Legislature to offer the large rewards that subsequently brought them one by one to the dust,) (italies ours) is due the annihilation of this notorious gang of outlaws." That's news.

In its editorial comments the Herald says: "For ten years the Low-ERY's kept the mountain districts (italies ours again) about Lumberton in terror."

And that's geography!

THE Salisbury Watchman thinks the people of the State are neither willing or able at this time to waste money on the State University, and says it would not be just or right that they should be inveigled into it. It says: "We are, therefore, opposed to any appropriation being made for the purpose, and think that all proceedings concerning the matter, might as well be dispensed with for the present at least." Has our cotemporary thought of the fact that at present this State is annually contributing to the Universities and Colleges of other States a sufficient Colleges of other States a sufficient as nearly square in form as the situa-amount to place the State University tion of the several localities and the upon a solid basis. Notwithstanding the impoverished condition of the State, we believe there is a strong disposition and a determination to revive this once honored institution.

AND Boston is still unhappy. A delegation of her staidest citizens, headed by Ex-Gov. CLAFLIN, waited upon the President a few days since to ask the withdrawal of the nomination of SIMMONS. And Mr. GRANT would not unless the persons recommending SIMMONS should request it. They, Messrs. BOUTWELL, BUTLER, BUFFINTON and HOOPER, when importuned declined, and therefore Boston mourns.

Boston was magnanimous. Boston proposed that CLAFLIN should be made Collector in SIMMONS' stead, and "Barkis was" eminently "willing," but still the three B's and HOOPER could not see it.

We sympathize with Boston. It is an infliction to have a man with such a name as Collector of that Post, but Boston must submit. BUTLER

ACCORDING to the latest information from the Philadelphia College of Surgeons, where the Siamese twins are undergoing a medical examination, it seems a settled fact that any attempt made to sever these monstrosities in their life-time would have resulted in the certain and immediate death of both. It now appears that they had but one liver between them, connected by the mysterious band that united them to-

THERE is a probability, as we learn from the New York Herald, that some legislation will be had at this session of Congress looking to the establishment of steamer lanes upon the ocean: that is fixing, by law, certain routes of travel for outward and inward bound steamers by which all danger of collision from fog, darkness or other cause could be avoided. The Cunard line, ever thoughtful for the safety of its patrons, has already adopted the more southerly route sug-

THE temperance crusade has reached Greenville, Tennessee—chiefly distinguished as the home of ANDREW JOHNSON. The ex-President threw himself into the Grange movement with an ardor, which would have been remarkable had there been no prospect of benefit to come of it. The temperance crusade having, as we have said, reached his home, the question now is what will he do about it? ANDY is known to be fond of the ardent, and as there is nothing to be made, politically, by connection with this new movement we expect that the smiles of John Barleycorn will prove more persuasive than the prayers of the crusa-

A CORRESPONDENT of the Tribune who professes to have carefully canvassed the Senate upon the subject of betical list of Senators, accompanied with a brief statement of the opinion reasoning upon which such an opinion is founded.

From this statement a majority of about ten is found in favor of an inflation of the currency, by some one or other of the various methods that have been, or are now before the Senate for consideration.

The position of Senator MERRIsanction to what is said by the Ga- only measure of inflation that has vet had sufficient strength to combine the friends of expansion. He has participated actively in the extended debate that has been had upon the currency question, in its several phases, and has the floor for another speech when the consideration of the question is resumed.

> Senator RANSOM, it is known, also favors an increase of currency, believing that thereby relief will be afforded the oppressed people of the South and West.

The motion of Mr. Buckingham to re-commit to the Finance Committee as amended by Senator MER RIMON, with instructions to report a bill increasing the volume of the currency until it amounts to \$400,000,000. is the pending question and its consideration will be resumed on Tuesday next, if we mistake not. We shall watch the proceedings of the Senate with exceeding interest. This question so vitally affects the well-doing of our section that we earnestly hope some speedy decision may be made. We want more currency. We are crippled in our business operations by its scarcity, and the farmers of the land are placed at the mercy of merciless money-lenders for the means of making their crops as well as for the means of transporting them when made.

The New School Law. As much interest is felt throughout the State in relation to the changes which were made in the School Law by the General Assembly at its last session, we publish the following in explanation thereof from Professor

The amendment to the School Law. ratified Feb. 12, 1874, repeals the rules and regulations which the State Board of Education had adopted, and the provisions of which are substantially as follows:

That the school districts shall contain an area equal to from four to

seven miles square.

That the school districts shall be convenience of neighborhoods will

That the school house shall be as near the centre of the school popula-tion of the district as practicable.

That the people of each district shall elect three suitable persons District Trustees, the people of each race

electing their own Trustees. That the District Trustees of each District shall solicit voluntary con-tributions to defray half the cost of building, repairing and furnishing the District school house, and to supple ment the school money due the District, so that the public school may be continued each year, as long as the people of the District may desire; that they shall determine the time at which the school shall begin, recommend a teacher who will be accepta-ble to the people of the District, and assist the School Committee in all matters relating to the District

These rules and regulations having been repealed by the General Assembly cannot be re-enacted by the Board of Education.

The recent regulation which is published in a foot note on the blank forms of orders for school money has not been repealed. It remains in full force, and is as follows:

The law intends that the highest wills it, and GRANT obeys, and prices, to-wit: \$20, \$30 and \$40, a GRANT obeys, and GRANT obeys, and month, according to grade of the teacher shall be paid only for schools in which twenty or more pupils are in which twenty or more pupils are

taught. If a number of pupils is less than twenty, the highest prices which may be paid out of the Public School Funds are: To a teacher who holds a third grade certificate one dollar a month for each pupil; to a teacher who holds a second grade certificate, one dollar and a half per month for each pupil; to a teacher who holds a certificate to a teacher who holds a first grade certificate, two dollars a month for each pupil, counting the number of pupils in all cases by their average attendance.

The act also changes the time at which the Registers of Deeds is required to report, from July to October of each year, and makes it the duty of school committees to report to the county Treasurer the sums of money apportioned to the school dis-

tricts of their respective townships.

These are the only changes which have been made in the school law by the General Assembly at the last session, and they are published for information, in answer to many in-ALEX. McIVER, quiries. Supt. Pub. Instruction.

The Macon Telegraph takes the occasion of Washington's birth-day to draw a comparison between the "Father of his Country," and General Lee. We take an extract covering

two points at the risk of spoiling a

good article: "Washington owes his fame to success in a great measure-Lee's memory survives amid the wreck of mighty armies, and the overthrow of the dearest and most cherished hopes that ever stirred the souls of a gallant race. The one is hailed as the founder of a great nation—the other lives enshrined in the hearts of a bleeding people, for whom he periled and lost everything save honor. The one accepted and enjoyed the highest dignities of the country—the other cast in his lot with his fellow sufferers, and ignoring all future aspirations, was content to become an educator and counselor for the children of his

afflicted State.

"In one particular, however, they were both alike and equal, and stood together par nobile fratrum. We allude to the common platform of a pure and glorious Christianity. Both were men of prayer and possessed of the same modesty, gentleness, and unaffected piety. The one blessed with honors and the proudest triumphs known to man's estate, still finance sends to that paper an alpha- retained his allegiance to the Author and Giver of all mercies. The other tried in the crucible of the direst affliction and disappointment, came of each upon the question and the forth as pure as gold well refined, to shine with increased lustra. Thank God here, there is no line of separation-no room for indvidious comparisons. Lovely they were in life, the exemplars alike of the precepts and blessed teachings of their Divine Master, and in death they will reap the same reward."

> of the Richmond Enquirer grows enthusiastic over the eggs and butter of his native county, and in eestacy exclaims: "Heaven bless the noble hens and cows of Scott!"

FERTILIZERS! FERTILIZERS!

No. 1 Peruvian Guano, [Guanape.] Soluble Pacific Guano. Lister's Standard Super Phosphate of Lime. Whann's Rawbone super Phosphate of Lime. Lister's Pure Ground and Dissolved Bone. Land Plaster.

We again off-r to the Planters of North Carolina, the above named HIGHLY approved Standard Fertilizers.

These Guanos have been used season after season, and have uniformly given satisfaction, and we consider it unnecessary to give here any high sounding chemical analyses tion, and we consider it unnecessary to give here any high sounding chemical analyses to induce the prudent farmer to use them, as the experience of several years bear testioning in the most sati factory manner as to their real merit and reliability.

In the above we are offering Fertilizers that can be relied upon, and no one need take the great risk of experimenting with anything new and entirely unknown, because it is offered at an apparently low price.

PRICES:

Soluble Pacific Guano, Cash \$50. Lister's Standard Super Phosphate, Cash \$50. Whann's Rawbone Super Phosphate, Cash \$55.

Nov. 1st, 1874, \$55 Nov. 1st, 1874, \$55 Nov. 1st, 1874, \$60

It is an admitted fact, confirmed by many years of experience, that an ordinary application of approved Standard Fertilizers to Cotton and Corn increases the yield to double the production of the same soil unfertilized. This statement is not exaggerated; on the contrary the results more frequently exceed than fall short of the above increase.

SPECIAL TERMS:

We will sell a limited quantity of SOLUBLE PACIFIC GUANO and LISTER'S STANDARD SUPER PHOSPHATE OF LIME for a bale (400 pounds) of Cotton per Ton, and WHANN'S RAWBONE SUPER PHOSPHATE OF LIME for a bale (450 pounds) of Cotton, per Ton of 2,000 pounds.

PAYABLE NOVEMBER 1st, 1874.

We guarantee all FERTILIZERS sold by us to be FREE FROM ADULTERATIO 4. Our Fertifizers can be procured of our Agents at various points in the State. Send us your orders early and we will give them prompt attention.

#### RECENT STATESVILLE MURDER.

THE EXAMINATION OF THE MURDERER-TESTIMOY OF WITNESSES, &c.

From a special telegram to the Richmond Enquirer we learn that on Wednesday last, Joseph D. Elliott, who shot and killed instantly Chas. T. Neal, of Richmond, Va., in States-ville, this State, a little over a week ago, was arraigned before Judge Mitchell, of the Superior Court, at Chambers, in that place in regard to allowing bail. A number of witnesses were examined. Warrick Reed. col., testified that they were in friend-ly conversation in the dining room of the hotel in the forenoon of the day of the shooting, when Neal asked Elliott if he had any ill feeling toward him. He (Elliott) replied that he had not. After Neal left, Elliott remarked that it would be all right between them in a little while. J. W. Bragg testified that Neal's

character was good and peaceable.
Dr. J. J. Mott stated that he was present when this murder took place. Said Elliott came out of the passage and entered the public room where Neal was sitting, and when almost opposite him fired. As Neal did not fall for some time, he did not think he (Neal) had been struck. After the expiration of a few seconds Neal fell, exclaiming as he fell, that he thought it was a cowardly act.

Mr. McElwee, a partner of the deceased, testified that Neal was not vindictive, but would not brook a gross insult; would not use fire-arms

except in self-defence. W. D. Sprague corroborated the testimony of Dr. Mott. At the time Elliott fired, Neal had both hands on the elder Elliott, the proprietor of the hotel, in a friendly manner. No struggle took place between young Elliott and Neal. Did not hear any angry words pass between the deceased and the prisoner.

Both State and defendant introduced witnesses to prove good character, and such was proved for both deceased and prisoner. The exami-

The prisoner is about 19 years of age. He was perfectly self-possessed. It seems that there are no extenuating circumstances attending this murder, and that it was deliberately done and unprovoked. Popular opinion is on the side of the deceased and the general impression is that bail will be refused. Col. Armfield and Ex-Gov. Vance are retained for the prisoner and Messrs. Bailey & McCorkle, of Salisbury, assist the prosecu-

In Cleburne county, Alabama, on the 3d instant, an immense eagle endeavored to carry off a girl named Elizabeth Moore, aged fourteen, and weighing about eighty pounds. She was borne along for some distance at about four feet from the ground, when the bird dropped her.

ARMISTEAD; W. A. K. FALKENER.
WM. R. GRIFFITH, of Baltimore, General Agent.

Petersburg, Va., December 17th, 1873. To the Farmers and Guano Dealers of North Carolina and Virginia: Gentlemen: To the mary of you with whom I am personally acquainted, I would say, that of good results from GUANAHANI GUANO, I have not the shadow of a doubt. Containing, as it does, in such large amounts, the essentials for plant food, success from its application would seem certain. It being of animal origin, you will see at once that its lugredients must be all soluble in the soil. Its nitrogen, from nitricacid, is the most available form known to chemistry; the other part, from undecomposed animal mater, is preferable to the volatile salts in Peruvian Guano. I ask of each of you the kindness of a thorough examination of the accompanying analyses by two of the great chemists of the country. With respect, yours truly,

WM. R. GRIFFITH, General Agent.

WM. R. GRIFFITH, General Agent THE COMPANY GUARANTEES THAT EVERY CARGO WILL BE ANALYZED BEFORE IT IS OFFERED FOR SALE.

GUARANTEED ANALYSIS. Ammonia, from both Nitrogen and Nitric Acid... Bone Phosphate of Lime..... LETTER FROM PROF. WM. C. KERR, STATE GEOLOGIST OF NORTH CAROLINA: Raleigh, N. C., January 7th, 1874.

Wm. R. Griffith, Esq., General Agent Guanahani Guano Company, Petersburg, Virginia:
Dear Sir: Dr. F. A. Genth, whose Analysis of the Guanahani Guano you have shown Dear SIF: Dr. F. A. Genth, whose Analysis of the Guanahani Guano you have shown me is Chemical Minerologist to the Geological Survey, and has no superior as a chemist. I have no be itation in endorsing any analysis from his laboratory. And I think the analysis justifies his statement that the substance examined by him is a VALUABLE MANURE. From his report, and that of Prof. Wilson, it is evidently a TRUE GUANO, both in origin and composition, and its action on crops may be expected to be the same in kind and in degree proportioned to its relative per centage of the valuable ingredients—Phosphoric Acid, Ammonia and Potash, that of the first being unusually high.

Yours truly,

W. C. KERP. State Coolegist

W. C. KERR, State Geologist.

ANALYSES. The following analyses of different cargoes and samples by two of the leading chemists of the country, are given for the guidance of the public: LETTER OF PROF. P. B. WILSON, LATE ASSISTANT OF BARON J. VON LIEBIG. CHEMICAL LABORATORY OF PROF. P. B. WILSON, No. 30 Second Street,

Baltimore, December 1st, 1873.

MAJ. N. M. TANNOR, President Guanahani Guano Company, Petersburg, Va.:
Dear Sir: I have drawn samples of the Guano, as it has arrived in cargo lots, and find it ex eedingly uniform in the amount of Phosphoric Acid it contains, namely, from 15 to 19 per cent. This is combined with Lime, and is of animal origin, and readily assimitable by plants. It contains potential ammonia and nitric acid, having a combined Nitrozeo value equal to from 2 to 3 per cent. of ammonia, with the alkalies Potash and Soda, and valuable proportions of sulphate of Line. The whole forming a very desirable combination for all crops, and when applied to land, the crop receiving proper tiltage, must, in my opinion, give as good results as any guano offered to the farmer.

Beins of animal origin, the organic matter has undergone partial decomposition, and it accessarily contains a valuable amount of Humus, which makes its fertilizing power much greater than fertilizers which are compounded large y of Peruvian Guano, which, ocyond its ammonia and small phosphatic value, has little or no power in absorbing from the atmosphere and retaining in the soil the movable elements absorbed by moisture and brought down by the rains, as the guano you are now placing upon the market Ail of the commonents of this Guano are very soluble in the soil, and p ssess such thy Baltimore, December 1st, 1873 sical properties as to render it at all times and ut der all circumstances as in mediately (vailable plant food. All of the components of

available slant food.

The late samples you sent me for analysis, from the deposit which you inform me you nite do ship from, show a decease in the phosphatic value, but a large increase in its nitrage, compounds. I think, however, from previous observations of carçoes, that you ay reasonably expect, that cargoes taken from where these samples were drawn, will materially improved in the saline compounds, (phosphates alkalis and magnesia.

Respectfully, &c., P. B. WILSON, Analytical and Consulting Chemist.

Balt more, December 1st, 1873. .....1.77 per cen\*. Ni rogen..... Equal to Ammonia..... tric Acid..... ....1,02 per cent, .. 9.36 per cent ...15.23 per cent ulphate of Lime... Organic Matter, Carbonate of Lime, Iron—not determined.

.....26.10 per cent. P. B. WILSON, Analyt. and Consulting Chem. Respectfully, etc., UNIVERSITY OF PENNSYLVANIA, WEST PHILADELPHIA, 19th, 1873.

Maj. N. M. Taannor, Petersburg, Va.,

DEAR SIR: In compliance with your request, I have analyzed sample of "Gusnahani Guano," and have made additional examination of an average sample from a lot of 30% tons, the result of which, I beg to embrace in the following: The Guano is a brownish powder, with lumps of combinations of lime with Carbouic, Phosphoric and Nitrie acids, It contains a considerable quantity of water (about 20 per cent.), and when dried is a paler brown powder. The Guano is evidently of animal origin, and the minute bones, which were discovered in the same, indicate that it is the result of the decay of bats, mice, &c. The quantity of organic matter, which is still present, is about 12 per cent., and this yields about 2½ per cent. of ammonia. A portion of the nitrogen is present, as nitric acid, of which about 3 per cent. of ammonia. The phosphoric acid in the Guano, about 12½ per cent., equal to 27 3 per cent. of bone pho phate. A considerable quantity of the phosphoric acid, ho wever, is present, as so-called neutral phosphate of lime, which, being slightly solt ble in water, renders the Guano as quick in its action, as a corresponding quantity of superphosphate would do. The small per centage of potash, which was found in the analysis, adds to its value.

From all the experiments which I have made of the Guanahani Guano, no doubt can exist that it is a valuable manure.

Yours truly,

UNIVEESITY OF PENNSYLYANIA.

Su phuric Acid,... Potash ..... Soda,... Lime,... Nitrogen, equivalent to Ammonia, Yours, truly,

Mr. E. A. DUNLAP,
I car Sir: The extraordinary character of the season (a rain almost every day,) puts it
wholly out of my power te form an estimate of your Guano. The crops of corn and rutabagas to which it applied, look very fine.
Yours, truly.

WM. SMITH.

GUANAHA GUANAHANI GUANO! an iris papers, as the finest crop in Mr. Smith's county. Warren on, Va., July 17th; I used your Guano on wheat last year, and consider it equal to any guano I ever pleases me well.

Bethel Academ, Fauquier County, Va., Nevember 12, 1878. E. A. DUNL P. Esq.,

Dear Sir: It I could have made collections, I certainly would have used two tons of the Guano you sent me this tall.

I consider it becter for wheat than any other Guano that has been used in this county since the war. Respectfully yours,

Mr. E. A. Dunkap,
itear sir: The Gnano purchased from , on. was used upon corn by the side of one of
the best ammoniated soluble phosphates in the market. The quality of the land was
the same as was the quantity of gnano and phosphate used. The corn where the Guano
w s used appearen to start sooner, and in the fall was fully ten inches higher and ripenet earlier than where the Phosphate was used.

B. G. HARRIS,

Very respectancy, a.c.,

B. G. HARRIS, Very respectancy, ac., Late firm of Neale, Harris & Co, Commission Merchant

Spring of 1873. We, the undersigned, have sold your Guano for two seasons. Those that have purchased are buying again, and are pleased with the results.

L. KELLUM & CO., 119 Hillen street, Baltimore.

Cheston, Near Queenstown, Md., August 18th, 1873.

E. T. Wroth, Esq., Baltimore, Md.,

Dear Sir: I nave your isvor of 4th inst., making inquiries as to the results from application of the Guano which you sent me last fal.. I applied it at the rate of 170 pounds per acre—the same quantity as of the other fertilizers I was then using. The wheat throughout the field bore much the same general appearance, with perhaps something in favor of your Guano. The grain of my crop on that field wasgenerally of fine quality, and I cannot say that I observed any perceptible difference in its appearance.

The result in quantity, the most important point, I regret not to be able to give you. Threshing my crop by steam power, my attention was occupied at many points at the same time, and on one of these occasions this particular parcel of wheat was threshed before I was aware of it, and without any note of its comparative yield. I therefore cannot pronounce positively in its favor, over others; but, from its general appearance, judge it quite equal to other standard fertilizers of established reputation.

Very respectfully yours, Cheston, Near Queenstown, Md., August 18th, 1873.

Baltimore, November 17th, 1878.

E. A. DUNLAP, Esq..

Tre Guano I had of you last Spring, I used on corn. It produced a first rate crop. I used about 200 lbs. per acre. Of E. D. Hoopes & Co., 226, 228 & 230, Penn. Avenue, Baltimore, Md. Dealers in Grain Country Produce, Guanos, &c.

Somerset County, Md., Westover, August 8th, 1873. E. T. WROTH, Esq., Baltimore, Md.,

Dear Sir: Yours of the 4th received and contents noticed. You must excuse me for not reporting to you sooner the result of the experiment with your Guano. I seeded it by the side of \*\* \*\* \* 's Raw Bone Super-Phosphate, at the rate of 150 ibs. to the acre, of each. Whilst growing, I. nor any to whom I showed it, could not perceive the least difference. The yield was equally good—about 25 bushels to the acre. I consider it equally as good as \*\* \* \* \* s, in every respect. Please inform me the price, as I intend using some on wheat this fall.

Very respectfully yours,

Mount Airy, Carroll County, Md., November 13th, 1873.

W.M. R. Griffith, Esq., General Agent,
In reply to yours of the 12th, will say, the farmers can say but little, as yet, in regard
to Guanahani Guano. But Maj. A. G. Davis, who used one bag, by the side of several
other fertilizers, says, so far, the Guanahani looks better than any of the others. All
parties say, so far, they can see no difference in their grain wherever it is up sufficient
to judge. By the spring, I can give you a more satisfactory report. Hoping to have the
pleasure of a visit from you, soon,
I am. truly yours.

I am, truly yours, W. H. B. DORSEY. P. S.-I have commenced making a stir for the Spring trade.

San Marino, Dinwiddie Co., Va., November 15th, 1873.

W. R. Griffith, Esq.,
Dear Sir: Yours of the 12th inst., was received on yesterday, and, in compliance with your request, I hasten to reply. I purchased half ton of Guanahani Gua: o, from Messrs. Rowlett & Tannor, 1st of October, 1873, to use upon my wheat crop, as an experiment. I applied it 200 lbs. per acre. The wheat was seeded from the 10th to the 17th of October. I was very careful in the application, leaving two strips of land through the field; one of an acre, the other two acres. The one acre strip was manured with \*\*\* \* Phosphate. The two acre strip was in tobacco, heavily manured with stable manure and \*\*\* \* \* \* Tobacco Fertilizer. I also added a strip of very poor land (stabble) on one end, three-fifths of an acre. Upon this I applied 100 lbs. of Guanahani, and also moistened the wheat and rolled it in the Guano. (I mean the wheat sewn upon this three fifths sirip.) The season has been favorable, and the young wheat is looking very well; and that upon the narrow strip of poor land, equally as good as upon the heavily manured tobacco land. I am satisfied that the Guano is acting upon this trip of wheat, as the land was very poor. I do not think that it would be well for me to make a positive assertion just yet, but will carefully note the result and let you hear from me again.

Yours respectfully.

THOS. F. RIVES. San Marino, Dinwiddie Co., Va., November 15th, 1873.

Kingston, Dinwiddle Co., Va., November 28th, 1873. Messrs. Rowlett & Tannor,
Dear Sirs: In reply to your inquiries in regard to the Gusnahani Guane, which I purchased last summer, I can only say that I applied it on my wheat crop, sowing it broadcast and plowed it in wich the wheat. So far, I am vary much pleased with the Guano. Where I used it, the wheat looks better than any I have seen, and my neighbors who have seen it, consider it so. I applied it the first of October, and it shows very plainly over the wheat where there was nothing used.

Very respectfully. JOHN J. MITCHELL [Note.-Mr. Mitchell has since ordered 10 tons for his Spring crops

Millstone Landing, Md., December 1st, 1873. Dear Sir I am just in receipt of your letter, but regret that I did not receive it sooner. 

ELKA AH WISE. Dinwiddie County, Va., November 21st, 1873. Messrs. McLlwaine & Co., Petersburg, Va.,
Gentlemen: I used the Guanahani Guano, purchased of you, on wheat at the rate of 30) ibs. per acre, on corn land. The wheat is cooking well. I think it will prove a good Respectfully,

Sussex County, Va., December 12th, 1873. Mesrs. Rowlert & Tannor, Petersburg, Va.,

ear Sirs: I used on m wheat, sowed about the lst of October, a half ton of Gaanahani Guano, and s far I am very much pleased with its action. Where I used the tuanahani the wheat is look ng remarkably well—a great deal better than the wheat Very respectfully, J. N. WINFIELD.

Prince George County, Va., December 16th, 1873. Messrs. Bishop & Beanch,
Sirs: You ask me my orinion of the Guanahani Guano I puechased of you last fall.
I used the guano on my wheat, but owing to the unfavorable fail for the growth of wheat, it would be imposs be for any manure to show its strength fully. Fowever, I think the guan oa good ertilizer, from the fact, that the wheat looks as well as it does where a well known fertilizer was used that cost nearly double the money.

Respectfully,

A. G. JORDAN.

Petersburg, Va., December 16th, 1873.

WM. R. GRIFFITH, General Agent of the Guanahani Guano Company,
Dear Sir: In reply to your enquiry about the action of the Guanahani Guano on my
wheat crop, I would say, up to the present time it is looking very well.

Yours truly,
SAMUEL H. JONES,
Prince George County, Va. Broad Run Station, Fauquier County, Va., December 4th, 1873.

Broad Run Station, Fauquier County, Va., December 4th, 1873.

Mr. E. A. Dunlap,
Dear Sir: I let one row without your fertilizer, and used it on the next row. I used at the rate of 200 pounds to the acre. I had the corn carefully gathered separate, and found the result as follows: From the Guano row I shelled one bushel and nearly a half gallon; from the row without guano I got a half bushel and not quite a quart; making fully double where I used guano. The growth of stalk was not proportionately beavy—the strength seemed to go to the grain. I think it an excellent Spring fertilizer. The

Yours, &c., A. D. EMITH. Poplar Mount, Greensville County, Va., December 17th, 1873.

Messrs. Rowlett & Tanner.
Gentlemen: Yours of the 15th is received. You ask "How I like the Guanahani Guano, so far?"
In reply I have to say that I used five bags last fall, experimentally. I applied four bags to wheat at the rate of 200 pounds to the acre. I used the same quantity (200 pounds) on winter oats. The wheat was not sown until about the 20th of October, but has already a healthy vigorous blade. The present indications lead me to believe that it is decidedly superior to any of the sup-r-phosphates.

The winter oats we esown the last of September. In the application to this crop, I have, in consequence of earlier seeding, a better opportunity of observing the effect of the Guanahani Guano. Here it is most marked and decided. It reminds me of former days, who n, for a n-oderate outlay of money, the farmer purchased the pure Chinchs Island. (unadulterated) Peruvian Guano.

I wish to try some of this Guano next year on cotton and tobacco.

I am, very truly yours,

GEORGE W. FIELE.

GEORGE W. FIELD. The Company recommend an application of from 200 to 250 pounds per acre, but not over the larger amount.

As it will be impossible to bring but few thousand tons to this country in time for the spring irade, orders must be sent at an early day to secure it.

For further information apply at the office of the GUANAHANI GVANO COMPANY, PETERSBURG, VIRGINIA.

E. T. Wroth, Esq., Baltimore, add;
Dear-ir: Yours in regard to the Guano was received some time ago, and as I know very little, personally, about the effect it had, I laid it aside until I could go home and inquire. I learn that it did improve the wheat to som: extent. I did not apply any other Guano. I applied
Bone Dust, and I learn your Guano was of about the same efficacy in fertilizing, so far as the appearances of the crop indicated.

Please send me a bill for Guano, and I will send you a check.

1 m, very truly, in haste, yours, &c.,
LEVIN WOOLFORD.

[Letter from Ex-Governor Smith.] Warrenton, Va., August 4th, 1873.

Bethel Academy, Fauquier County, Va., July 24th, 1873. Mr. E. A. DUNLAP.

Dear Sir: I used your Guano on my wheat last fail, and I am highly pleased with it.

Think it is as good as the high priced Guanos. I have a good paying crop of wheat, and
the best stand of grass I ever had, and this is the opinion of those who have seen both,
notwithstanding the unfavorable winter and early spring. I shall use it again this fall.

Yours,

[This crop of wheat, 28 bushels to the acre, was noticed in the Warrenton and Alex-

Congressional News—The Absurdity
of the Fanatical Females. WASHINGTON, Feb. 27.-The Senate passed the resolution requesting the the Secretary of the Treasury to inform Congress what further legislation is necessary to prevent public officials having charge of the internal revenue stamps from becoming de-faulters, and if such officials should

not give bond. The details of the temperance raid covers many pages, and are too absurd to go further South than Washington by telegraph. The women have dirty water thrown on them and eat their lunch while kneeling in the gutters. The lady raiders are usualy about 15 (not of age, by any means,) n number.

House.-The vote killing the franking privilege bill is to be reconsidered, a motion to that effect having been

made and is now pending.

The Senate passed the bill preserving the form of oath to be taken by

Postoffice officials. The House passed, after discussion, the bill appropriating \$234,000 to complete the branch mint building at San Francisco.

Disasters on Land and Sea. LONDON, Feb. 27.—Several disasters on the sea and land are reported, caused by the gale of yesterday, which was especially violent at Liverpool, Edinburg and Shields. The schooner Emma Maria went ashore on the Scottish coast, near Arbroth, and all on board were lost. A furious thunder storm passed over Dublin last night, causing much damage. The bark Heiress, from Liverpool for Galveston, went ashore at Port Ferry and will probably be a total loss. The ship Louise, at Liverpool, from Pensacola, had a collision with a steamer, and was much damaged.

The Anti-Liquor Movement Receives an Impetus.

NEW YORK, Feb. 27th.-More earnestness was displayed yesterday among the temperance advocates of this city than has previously appeared. The numerous temperance bodies and church societies, both Protestant and Catholic, are receiving new vigor. Some 25,000 temperance tracts were ordered yesterday by the Massachusetts Temperance Alliance alone. Over one hundred liquor dealers of this city have written letters expressing a willingness to discontinue the liquor business.

"The Watch on the Rhine"-Lager Beer Forever.

NEW YORK, Feb. 27.-A Cincinnati dispatch says that the German paper in Dayton has come out against temperance crusades, and earnestly advises organizations into regiments, and, by an appeal to arms, to drive back the temperance warring women, It claims that men's rights are being infringed upon, and lifts its opposing voice in holy horror.

CLEVELAND, O., Feb. 27 .- The Locomotive Engineers yesterday appointed P. M. Arthur, of Albany Grand Chief Engineer of the Brother

MIDNIGHT DISPATCHES FROM WASHINGTON.

Congressional News—A Butler Tri-umph—Louisiana Affairs. WASHINGTON, Feb. 27 .- The Centennial bill and that regarding the

liquor traffic occupied the day. Carpenter said that on Monday next, after the pending bills should be disposed of, he would ask the Senate to take up, for reference, his bill in regard to the new election in Louisiana, and would ask the indulgence of the Senate to enable him to submit some remarks thereon.

West said that as a member of the Appropriation Committee, having charge of the army appropriation bill, he would ask to have that considered as soon as the pending bills should be disposed of, to the exclusion of every thing else.

Executive session. In the House a large number of private bills were passed.

The motion to reconsider the vote

rejecting the franking privilege bill was not called up. It is still pend-Simmons was confirmed as Collector of Customs at Boston by 10 majority. This is a great Butler triumph. The House Committee on Commerce this morning heard arguments in favor of the bill to prevent the obstruction of the commerce of the

Mississippi river by the alleged tow boat monopoly of New Orleans. Private dispatches from New Orleans give the following as the comparative appropriations made, including schools: 1874, 1½ million; 1873, 3 millions; 1871, 5 millions. These appropriations were made by the Louisiana Legislature. Gov. Kellogg claims that these figures show a wonderful reform in the management of the State finances.

----The Races at Washington Course. CHALESTON, S. C., Feb. 27.—The weather is fine to-day. The racing at Washington Course was better than yesterday, and the attendance larger. In the first race, half mile dash, purse \$200, Hitchcock's bay filley won in 523 seconds, beating Vanderbilt and Marge. The second purse, \$300, dash two miles, for all Hitchcock's Chesnut colt "Limestone," won in 3:53, beating "Bounge" and "Joe Johnston" in the order named. The race of mile heats, for all ages, purse \$250, Lewis & Co's., bay horse "Ortolan" won in in 1:54 and 1:50, beating "Fireball' and "Lone Star" in the order named. The latter was distanced.

FROM NEW YORK. A Probability of Drew's End Drawing Nigh-A Prospective Prize

NEW YORK, Feb. 27.—Daniel Drew is dangerously ill. It is understood that the plans for the crusade in this city will, at furtherest, be completed by Monday next. It is said that there are prospects of

a prize fight being arranged between Tom Allen and Jim Mace. The latter is now in London.

A Sweet Morsel for the Crusaders. CINCINNATI. Feb. 27.—The distillery of Bryson & Co., Portsmouth, Ohio, was destroyed by fire this morning. The distillery was valued at \$50,000. No insurance.

Weather Probabilities.

Washington, Feb. 27.—For the South Atlantic States, stationary and falling barometer, easterly winds and cloudy or partly cloudy weather.

TMPORTANT NOTICE New Additions to Our Large AND

ATTRACTIVE STOCK

DRY GOODS. NOTIONS.

SHOES,

&c., &c Our Senior Partner has just returned rom New York where he has been for sev-

Our Semior Partner has just returned from New York where he has been for sevdays making purchases at panic prices, to supply the deficiences in our stock made by our unexpectedly good trade this season. In returning our thanks to our patrons, we say to them and the public, that our late purchases were made at a very great decline, and that we are now selling our tock at such prices as to justify us in saying that such bargains have not been offe ed since the war.

We have a good supply of Burt's, Ziegler's and Bay State hand-made shoes and gaiters for Ladles, Misses and Children. Also, for gentlemen, Canfield's, Porter, i ay & Co's., and Burt's single and double solded calf gaiters and boots, which we offer at very low prices. All wishing to purchase will not regret calting and examining our stock and prices. We sell for CASH and have fixed our prices on a cash basis. Therefore those buying of us do not help bear any risks for bad and slow debts. Very liberal prices to merchants buying in this market.

We have just received some very late styles of hats, including Op ra Snowfletce

market.

MISCELLANEOUS. ATTENTION FARMERS:

The recent invention of J. B. UNDER-WOOD, of Fayetteville, N. C., is the great-

LABOR SAVER OF THE AGE. With ONE MAN and ONE HORSE, it does the work of from SIX to TWELVE men and from TWO to FOUR horses. It bars both sides, weeds, chops and dirts the cotton at the same time. After the chopping, it is converted into a most excellent CULTIVATOR,

for use throughout the season. It has taken the Gold Medal at the Georgia State Fair, as the most important and latest improvement in Agricultural Implements, and the first premium everywhere it has been exhibited. It bears the highest testimonials of its thorough, practical success.

Price of Machine with attachments, \$35, and freight.
